EXTREME Pita® Fresh to the Extreme! School Lunch Program

Extreme Pita is a Canadian fast food concept committed to healthy eating and living. Founded in 1997, our goal is to provide our guests with something different; the choice to eat at a fast food restaurant that truly understands active lifestyles and healthy concerns. We're fast, fresh, fun, and full of flavour. Besides all that, we're EXTREME when it comes to our commitment to creating a unique product bursting with ingredients that are healthy.

The Extreme Pita School Lunch Program provides a fresh dietitian reviewed healthy meal option for school lunch. We have met the criteria for the Heart and Stroke Foundation's Health Check Program to bring you nutritious power packed food with a taste that kids love! Our school lunch pitas are the same portion sizes and recipes that you would find in our restaurants that will leave your children full, energetic and ready to learn.

Extreme Pita is proud to have the Health Check™ program on its menu.

The Heart and Stroke Foundation's registered dietitians have reviewed these menu items to ensure they meet the specific nutrient criteria developed by the Health Check™ program based on the recommendations in Canada's Food Guide. A fee is paid by each participating restaurant to help cover the cost of this voluntary, not-for-profit program. See healthcheck.org
